

# The Israeli Aggression on Gaza Strip and the West Bank Situation Report (No. 66)

Covers the period from 22<sup>nd</sup> to 28<sup>th</sup> February 2025

# Introduction

Since October 7, 2023, the Israeli occupation has waged a genocidal war on the Gaza Strip, blatantly violating international law, including the 1948 Genocide Convention, which obligates state parties to pursue the enforcement of its prohibition. This onslaught has claimed tens of thousands of lives and left many more wounded.

Despite the temporary ceasefire, the genocide persists under the convention's framework, as the large-scale destruction has turned Gaza uninhabitable. Moreover, repeated violations of the ceasefire agreement continue, deepening the suffering of civilians trapped under siege and systematic devastation.

Meanwhile, the West Bank has seen a sharp escalation in violations, with increased assassinations, mass arrests, and settler attacks backed by the occupation army—part of broader ethnic cleansing and forced displacement policies. This report documents daily scenes in Gaza and the West Bank, highlighting crimes and attacks targeting Palestinians between February 22 and February 28, 2025.

## 2. Statistical Overview of the Occupation's Crimes and Attacks:

This data provides a detailed account of the Israeli occupation's attacks and crimes committed between February 22 and February 28, 2025.

West Bank	Gaza Strip	Area
		Nature of the assault
6	13	Assassinations/Number of deaths
238	--	Arrest crimes
238	Many	Demolition and destruction of facilities
34	--	Settler attacks
85+	1.5 million	Number of displaced people
--	--	Violations against UNRWA
--	2	Incidents of explosion of occupation remnants

After reviewing the data on the Israeli occupation's attacks and crimes from February 22 to February 28, 2025, the table below presents the overall impact of these assaults from October 7 and February 28, 2025, including the number of deaths, injuries, displaced people, and prisoners.

Gaza Strip	1.5 million	Number of displaced people
	799	Number of bodies recovered
	48388	Total number of deaths from 10/7/2023 to 2/28/2025
	111803	Total number of injured from 10/7/2023 to 2/28/2025
West Bank	+40000	Number of displaced people
	15219	Number of prisoners in occupation prisons
	940	Total number of deaths from 10/7/2023 to 2/28/2025
	7586	Total number of injured from 1/1/2025 to 2/28/2025

### 3. Conclusion:

The Israeli occupation army continues to violate the truce through demolitions and deadly attacks, targeting civilians and infrastructure, further deepening the population's suffering and reinforcing the ongoing aggression against the besieged Gaza Strip.

Additionally, it obstructs the entry of humanitarian aid, worsening the crisis and leading to an unprecedented catastrophe. Reports have documented infant deaths due to extreme cold and severe shortages of essential supplies and medical aid.

In a dangerous escalation of apartheid policies and forced displacement in the West Bank, the occupation army seized control of three Palestinian refugee camps in the northern West Bank, barring residents from returning. The Israeli Defense Minister openly announced the expulsion of approximately 40,000 Palestinian refugees from the Jenin, Tulkarm, and Nur Shams camps. This was accompanied by systematic demolition and destruction, with clear intentions to maintain long-term occupation of these areas.
