

The Israeli Aggression on  
Gaza Strip and the West Bank

## **Situation Report (No. 85)**

Covers the period from 15<sup>th</sup> to 21<sup>st</sup> July 2025

# Introduction

Since October 7, 2023, the Israeli occupation has waged a genocidal war on the Gaza Strip, blatantly violating international law, including the 1948 Genocide Convention, which obligates state parties to pursue the enforcement of its prohibition. This onslaught has claimed tens of thousands of lives and left many more wounded.

Israeli occupation forces have blatantly violated the terms of the temporary ceasefire, resuming genocidal attacks on Gaza's civilian population with even greater intensity. Their renewed aggression has escalated dramatically, causing widespread destruction that has rendered the Strip uninhabitable. At the same time, they continue to enforce a suffocating blockade, starve the population, and forcibly displace thousands.

Meanwhile, the West Bank has seen a sharp escalation in violations, with increased assassinations, mass arrests, and settler attacks backed by the occupation army—part of broader ethnic cleansing and forced displacement policies. This report documents daily scenes in Gaza and the West Bank, highlighting crimes and attacks targeting Palestinians between July 15, 2025, and July 21, 2025. It also includes data on the consequences of the genocide since October 7, 2023.

## Conclusion:<sup>29</sup>

By the end of 2024, Gaza's population stood at about 2.1 million, marking a 6% drop from 2023 due to the ongoing genocide and its devastating humanitarian toll. Between July 15 and 21, 2025, Israeli occupation forces killed 621 people in the Strip—about 0.0296% of the total population—in just seven days, averaging roughly 88.7 deaths per day. In the same week, they wounded 3,018 people, amounting to around 0.1437% of the population, with a daily average of about 431.1 injuries.

This data underscores the catastrophic political and humanitarian consequences, marked by the ongoing genocide and ethnic cleansing in both the Gaza Strip and the West Bank. It reflects escalating forced displacement, deliberate deprivation of essential food and medical supplies, the continued blockade of Gaza, and the obstruction of aid entry.

During the reporting period, Israeli forces carried out repeated massacres against civilians seeking humanitarian aid, deliberately targeting them. The period also saw intensified attacks on neighborhoods in Gaza City, as well as towns and cities in central Gaza, as part of the occupation's efforts to pave the way for a full occupation of the Strip.
