

The Israeli Aggression on
Gaza Strip and the West Bank
Situation Report (No. 90)
Covers the period from 13th to 18th August 2025

Introduction

Since October 7, 2023, the Israeli occupation has waged a genocidal war on the Gaza Strip, blatantly violating international law, including the 1948 Genocide Convention, which obligates state parties to pursue the enforcement of its prohibition. This onslaught has claimed tens of thousands of lives and left many more wounded.

Israeli occupation forces have blatantly violated the terms of the temporary ceasefire, resuming genocidal attacks on Gaza's civilian population with even greater intensity. Their renewed aggression has escalated dramatically, causing widespread destruction that has rendered the Strip uninhabitable. At the same time, they continue to enforce a suffocating blockade, starve the population, and forcibly displace thousands.

Meanwhile, the West Bank has seen a sharp escalation in violations, with increased assassinations, mass arrests, and settler attacks backed by the occupation army—part of broader ethnic cleansing and forced displacement policies. This report documents daily scenes in Gaza and the West Bank, highlighting crimes and attacks targeting Palestinians between August 13 and August 18, 2025. It also includes data on the consequences of the genocide since October 7, 2023.

Conclusion:²⁶

By the end of 2024, the Gaza Strip’s population stood at about 2.1 million—down 6% from 2023 as a result of the ongoing genocide and its devastating humanitarian toll. Between August 13 and 18, 2025, Israeli occupation forces killed 382 Palestinians in Gaza—around 0.0182% of the total population—in just six days, averaging 63.7 deaths per day. In the same period, they wounded 2,592 Palestinians, about 0.123% of the population, with an average of 432 injuries daily.

²⁶ Statistical analysis prepared by: Palestinian Return Centre Palestinian Return Center .

In 2024, the West Bank’s population was estimated at about 3.4 million. Between August 13 and 18, 2025, Israeli occupation forces killed two Palestinians and injured 25 others—around 0.000735% of the population—at a rate of 4.2 injuries per day. During the same six days, they arrested 106 Palestinians, amounting to roughly 0.00312% of the total population, with an average of 17.7 arrests daily.

Details	Number/Ratio	Data
Number of deaths from August 13 to August 18, 2025	2	Number of deaths
Number of arrests from August 13 to August 18, 2025	106	Number of arrests
Number of wounded from August 13 to August 18, 2025	25	Number of wounded

Average number of arrests per day from August 13 to August 18, 2025	18	Daily rate of arrests
Average number of wounded per day from August 13 to August 18, 2025	4	Daily rate of wounded

The data underscores catastrophic political and humanitarian consequences, as Israel continues to commit genocide and ethnic cleansing in both the Gaza Strip and the West Bank. The report period saw escalating forced displacement, deprivation of vital food and medical supplies, and the ongoing blockade that prevents aid from entering Gaza. Israeli forces carried out repeated massacres of civilians seeking humanitarian aid, deliberately targeting them. The occupation also intensified attacks on Gaza City and central areas of the Strip in an effort to pave the way for full control, while worsening famine claimed lives daily.
