

The Israeli Aggression on Gaza Strip and the West Bank

Situation Report (No. 92)

Covers the period from 25th to 31st August 2025

Introduction

Since October 7, 2023, the Israeli occupation has waged a genocidal war on the Gaza Strip, blatantly violating international law, including the 1948 Genocide Convention, which obligates state parties to pursue the enforcement of its prohibition. This onslaught has claimed tens of thousands of lives and left many more wounded.

Israeli occupation forces have blatantly violated the terms of the temporary ceasefire, resuming genocidal attacks on Gaza's civilian population with even greater intensity. Their renewed aggression has escalated dramatically, causing widespread destruction that has rendered the Strip uninhabitable. At the same time, they continue to enforce a suffocating blockade, starve the population, and forcibly displace thousands.

Meanwhile, the West Bank has seen a sharp escalation in violations, with increased assassinations, mass arrests, and settler attacks backed by the occupation army—part of broader ethnic cleansing and forced displacement policies. This report documents daily scenes in Gaza and the West Bank, highlighting crimes and attacks targeting Palestinians between August 25 and August 31, 2025. It also includes data on the consequences of the genocide since October 7, 2023.

The data underscores severe political and humanitarian repercussions, marked by ongoing acts of genocide and ethnic cleansing in both the Gaza Strip and the West Bank. These conditions are compounded by escalating forced displacement, the denial of essential food and medical supplies, and the continued blockade of Gaza, which prevents the entry of humanitarian aid.

During the reporting period, Israeli occupation forces continued to carry out massacres against civilians attempting to access aid, deliberately targeting them. The report also documented intensified attacks on neighborhoods in Gaza City and other areas across central Gaza, as part of what appears to be an effort to pave the way for full occupation of the Strip. Meanwhile, worsening famine conditions were recorded, claiming lives on a daily basis.
